Surface Go Setup Guide

Shipment Content:
1 x Surface Go tablet
1 x Power Adapter
1 x Type-C to USB-A ethernet adapter
1 x Click-in keyboard (optional)

Quick Setup:

1. Flip out the **kickstand** on the back of the tablet to have it stand on its own.

2. Plug the **power cord** into a wall outlet or power strip, connect the **power cord** to the lower right side of your **Surface Go**. *The connector clicks into place (either direction works). The small light at the end of the connector means the device is getting power*.

3. To turn on the **Surface Go** press and release the power button, which is on the top right.

4. When you turn on the device, you will see the **lock screen**. To dismiss the **lock screen**, swipe up from the bottom of the screen. *Type in Password as your password on the lock screen*.

5. **Connect the Surface Go to Wi-Fi.**
   a. At the bottom right of the screen, left click the Wi-Fi 🛜 icon to display available networks.
   b. Select your network and connect. *Input your network password when prompted.*

Surface Go Setup Guide

Troubleshooting:

What if...

... the tablet does not respond?	Force restart the tablet by holding down the volume up button and the power button together for 15 seconds.
